

Fund your education, debt-free

Tell your story, share your campaign, and the people who believe in you can chip in toward the cost of your education.

How it works

1

Create your campaign, free

Add a title, a goal, your story, and a photo. It takes about ten minutes.

2

We review it

Our team reads it before it goes live. You hear back within 48 hours.

3

Share it with your people

They give through PayPal, and can cover the fees so you get the full gift.

4

Funds go to your school

Sent to your school, in care of you, toward tuition. Nothing to pay back.

What you can raise for

Tuition & fees

Housing & meal plans

Books & materials

Lab & technology fees

The costs your school bills for, since the funds are sent to your school in care of you.

Good to know

\$10 minimum gift

Supporters give any amount from \$10 and up, through PayPal.

Start before you pick a school

Raise now; funds release once you select your school.

Public or private

Keep your campaign private or public, whichever feels right.

You pick the end date

Choose when your campaign ends, ideally before your tuition is due.

Ready to start? It is free.

Visit litetuition.com, tell your story, and share your campaign with the people who believe in you.
